

1. Cut out oblong pattern
2. Tape pattern to the tin, either side, depends if you want to use original design.
3. Using a ballpoint pen draw over the bird design. (The feather detailing can be done once paper has been removed.)
4. Remove paper and using scissors cut out the bird shape. Remember to keep the hanging point. Snip off carefully any rough edges.
5. Add detailing to bird using shaping tools, push out gently from the back to define areas of wing, eye, and tail. A ballpoint pen will give good feather definition on the body.
6. Using hole cutter make hole for hanging.
7. Colour to your own liking, nail varnish, acrylic pens or paint. Allow to dry before painting adjoining colours.
